MEETING NOTES

The team is done with their given tasks and has split tasks even more. Since device control is a lot of pages we decided to split it as well.

Now, Justin, Niya and Dhrishya are working on device control.

Dhrishya improved the profile page section and Niya updated the sign-up page and compiled the code.

Temisola is working on the social media part of the app (marketing).

The next meeting will be held hopefully by the end of this week.
